## **L. F. Boyle & Son**

"Landy" Boyle, the senior member of this firm, is a veteran in the Shorthorn cattle industry. Always progressive, always alert to the improvements that are possible in the live stock industry, he has become one of the most widely known animal husbandmen in the country. His son, Marshall L. Boyle, known everywhere as "Mickey" Boyle and junior member of the firm, is recognized as one of the leaders of the day in Polled Shorthorn circles. Animals developed under his supervision have won highest honors in the country's strongest shows and have consistently sold at the top of leading consignment sales. "Mickey" has made two trips to Australia and New Zealand in the interest of Polled Shorthorns and the animals he has delivered are looked upon as the foundation of the breed in those important cattle countries. In this sale will be found the finest group of Polled Shorthorns ever offered by Boyle & Son. They are certain to add further prestige to this already famous herd.

## **N. J. Busch**

Here is a leading Peoria business man who has gained both pleasure and profit from the maintaining of his fine herd of Polled Shorthorns. He lives on his beautiful Cedar Hills Farm near Chilli-cothe, Illinois, manages the land and livestock personally, and works with his cattle daily. His herd was founded on a basis of greatest possible strength and utmost permanency. He knows good Polled Shorthorns, has produced good Polled Shorthorns and the most loyal of his wide circle of friends are those who have bought Polled Shorthorns from him. His consignment to this sale represents a complete dispersion of this exceptionally strong herd.

***from the  
Largest offering  
of Polled  
Shorthorns  
to be sold  
this year!***

***This is Douglas Lynch, grandson of L. F. Boyle, with Vida 2d, a first prize winning heifer consigned from this herd to a former National Polled Shorthorn Congress.***

The cattle for this sale have been supplied from two of the top herds of the breed. Each owner enjoys a perfect reputation for honesty and integrity and each has made a splendid contribution to the advancement of the Polled Shorthorn industry. Those who are familiar with the bloodlines that have accomplished most for the breed during the past decade will be delighted with the pedigrees in this catalog. Each animal is sired by a bull that has made history and each is from a fashionable and highly profitable family.

On the occasion of my recent visit to the farms of the consignors I was very favorably impressed with the individuality of the cattle that are to be sold in this sale. All of the younger cattle are well developed, top individuals and this group includes many show prospects. Fortunately the sale will include a liberal number of exceptionally good cows with calves at foot and rebred, the kind that always prove profitable to the buyers. The bulls in the offering are the kind that will make history.

Because this sale offering contains a large draft from the Boyle herd, one of the strongest in the country, and because it represents a complete dispersion of the Cedar Hills Herd, one of the best bred collections in America, unusual buying opportunities are afforded. I urge all Polled Shorthorn breeders to attend.

HAL LONGLEY  
of The Shorthorn World.

**Polled Shorthorns are the most practical and most profitable cattle for Corn Belt farms today. Packer buyers pay a premium for fat cattle without horns; farmer bull buyers prefer the hornless type; small breeders are buying Polled bulls in order to more easily fill the farmer needs; there is no doubt but that Polled Shorthorns are the "Ultimate Type." The future is bright. Present prices are moderate. Why not buy now? This sale provides an excellent source of supply for the kind upon which successful herds may be founded.**

## ***Please Note . . .***

***This sale will occur on the day prior to the Illinois Polled Shorthorn Breeders' Association Annual Fall Show and Sale which is to be held at the Illinois Normal University Farm, Normal, Illinois on October 24th. The two sales are approximately 60 miles apart and there will be plenty of auto transportation available for all who do not drive their own cars. The management will gladly cooperate in the assembling of cattle that are purchased in the two sales.***

# The Boyle Consignment . . .

THE BOYLE HERD is one of the largest and strongest in the country and from it have come the top cattle in many state and national consignment sales and the top foundation animals in many nationally known herds. In this sale the Boyles will offer 4 bulls and 46 females. The bull offering will include the grand 3-year-old tried sire STARDALE LEGEND X. He is an individual of top form and there will be plenty of his calves in the sale offerings to prove his worth as a sire. One of the younger bulls is sired by Maxwalton Walkaway x, the other two are by sons of Maxwalton Full Measure x.

The Boyle females are an outstanding lot and the breeding is of the best. Buyers should certainly be interested in the 13 beautiful daughters of the noted Maxwalton Walkaway x that are to be offered. They are perfect for herd improvement and many of them are close to calving. There will also be 9 daughters of Collynie Favorite x, he a son of the great King Collynie Jr. x, as well as daughters of such widely known sires as Lee Dale Collynie x, Regal Guard x, Collynie Impression x, Field Commander x, Oakwood Red Knight x, Maxwalton True Measure x and others. Remember, there will be 20 cows with calves at foot and these calves, sired by Stardale Legend x, Maxwalton True Measure x and Collynie Favorite x, are excellent!

Nearly all females in the Boyle consignment have been vaccinated for Bangs and all have passed clean tests for both Bangs and Tuberculosis within 30 days prior to the sale.

# The Cedar Hills Consignment . . .

Breeders everywhere are familiar with the CEDAR HILLS HERD. Although they will be sorry to note that this represents a complete dispersion, careful buyers will immediately recognize the opportunity to buy cattle that would not be available under any other conditions. The foundation was laid through the purchase of top females from the greatest herds in America. Noted bulls have been used and the herd has been closely culled. Today the 24 females and 8 bulls that make up this herd are as good as can be found in a herd of like size on any farm in America. Collynie Count x, a great breeding son of Collynie Type 3d x, was used with success in this herd and left ten beautiful daughters that are included in this dispersion. He also sired seven grand young bulls that are to be sold in this sale. All are good and one of them, the red summer yearling Cedar Hills Revelation x, deserves special praise. He is out of Mayflower Coronita 6th x by Cherry Coronet x and she is one of the best cows of the breed. This same cow produced the present herd bull Cedar Hills Charmer x that will also be sold. He is a 3-year-old roan double grandson of Cherry Coronet x, a grand individual and a real sire.

The Busch females are excellent! Among them are daughters of such famous sires as Cherry Coronet x, Nonpareil Coronet x, Claytoun Coronet x, Lustrous Coronet x, Lynnwood Defender x, Oakwood Emperor x, Oakwood Esquire x, Maxwalton Walkaway x and Fascinator x.

This sale will prove a mecca for buyers. Plan now to be there.

**CEDAR HILLS REVELATION x2362200**

## **STANDARD GUARANTEE OF AMERICAN SHORTHORN BREEDERS ASSOCIATION**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders provided they are not allowed to serve when under 14 months of age or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase or by the time the bull is 20 months of age if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves will be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipments will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
